Les says about himself

Having played competitive football for 10 years or so a serious injury forced my early retirement from playing. I then decided to take up refereeing at the age of 27. After more than 25 years as a referee (officiating in Europe, also twice at the old Wembley Stadium, I later became a Football League Assessor before taking up sports photography as a hobby. This early photographic interest broadened into other genres, including nature, landscape, travel and more. Fortunately for me I was then invited to become part of the Fotospeed family, resulting in a passion for printing. This opportunity increased my interest as a Print Presenter, sharing my passion with camera clubs and other organisations throughout the UK. I also present 35mm slide shows, using my own Twin Rollei Projector and Sound System. Since the Covid pandemic I also do Zoom presentations. As a Fotospeed Ambassador, I travel extensively throughout the UK, presenting Mounted Prints on illuminated print stands. All images are printed on Fotospeed Fine Art papers.

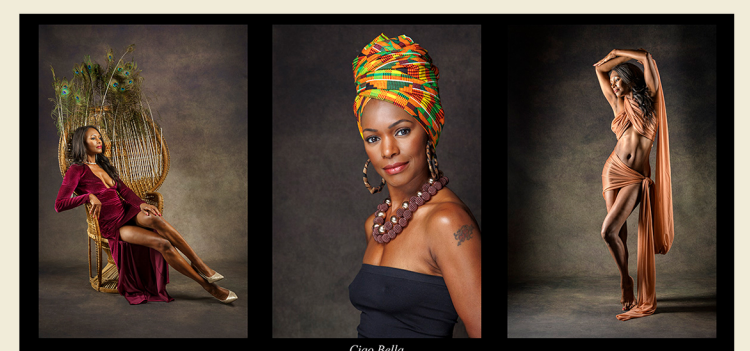

FOTOSPEED will be in attendance on the day or contact www.fotospeed.com
